

Tuesday, September 20, 2016

Time/Room	Plenary Hall 3F	101AB 1F	101C 1F	101D 1F	102 1F	North Lounge 3F	South Lounge 3F	Joy Lounge 4F	Elgance Lounge 4F	VIP Room 4F	203 2F	
08:00												
08:30-09:15	[PL 05] Plenary Session <i>Henrik Clausen</i>											
09:30-10:30	Networking Break and Poster Viewing											
10:30-12:15	[T01] Interactomics & Protein Network	[T02] Glycoproteomics - Technical Limitations & Prospects	[T03] PTM Crosstalks II - Lysine & other Modificomics	[T04] Imaging Mass Spectrometry	[T05] Liver & Toxicoproteomics: Metabolism, Drug Transformation & Toxicity							
12:30-13:30						Industry Seminar supported by SCIEX: Innovations in Industrializing Quantitative Proteomics	Industry Seminar supported by Bruker: Answering the Proteomics Challenge: Alternative Approaches for Biomarker Discovery	Industry Seminar supported by Meridigen: Discovery and Future Application for Mesenchymal Stem Cell	Industry Seminar supported by MERCK: Verify the Protein Interactome with Visual Confirmation	Industry Seminar supported by Thermo Fisher: Defining biological phenotypes by quantifying small molecular changes	Bioinformatics Hub	
13:45-15:30	[T06] Antibodies & Protein Arrays	[T07] Integrative Glyco(proteo)mics for Glycobiology & Diseases	[T08] Proteome Dynamics: Stability, Turnover & Degradomics	[T09] Spatial & Single Cell Proteomics	[T10] Protein Standards and Model Organisms: Expanding our horizons							
15:30-16:30	Networking Break and Poster Viewing PhD Abstract Competition (Room 201, 2F)											
16:45-17:30	[PL 06] Plenary Session <i>Albert J Heck</i>											
18:00-21:00	HUPO Congress Night: Formosa Night [Ticket Event] @ Taipei New Horizon 14F											
Registration		08:00-17:30 @Lobby, 1F										
Speaker Ready Room		08:00-17:30 @103, 1F										
Exhibition & Poster		09:30-17:00 @201, 2F / Banquet Hall, 3F
